BERKELEY COUNTY RECYCLING AND RECOVERY FACILITY  
CLASS 3 SOLID WASTE PROCESSING PERMIT  
PERMIT No. PROC-00038

A. SPECIAL PERMIT CONDITIONS

1. The Permittee shall adhere to the approved design plans and specifications, received April 19, 2016, with the May 4, 2016 and August 29, 2016 revisions unless permit conditions state otherwise.
2. The processing design capacity for this facility of two hundred sixty five thousand (265,000) tons of solid waste per fiscal year (July 1- June 30) shall not be exceeded. Information concerning the rate of processing must be included in the annual report required by Section G.2. of R.61-107.6.
3. The total maximum storage limit for this facility of pre-processed and processed waste is 2,050 tons.
4. If Berkeley County wants to increase the solid waste stream, modify the site, or anything else that would affect the approved design plans and specifications and operational plans, written notification shall be submitted to the Department for review and approval prior to accepting additional waste at the referenced facility or making modifications.
5. Unprocessed municipal solid waste shall be kept under the covered tipping area at all times.
6. Copies of all waste contracts shall be kept on-site and readily available for Departmental review upon request.

## PUBLIC NOTICE

### BERKELEY COUNTY RECYCLING AND RECOVERY FACILITY CLASS 3 PROCESSING FACILITY MONCK'S CORNER, SOUTH CAROLINA

The South Carolina Department of Health and Environmental Control (DHEC) has received a permit application from Berkeley County Water and Sanitation for the operation of a new Class 3 solid waste processing facility at its existing Class 3 Landfill.

At this time, the Solid Waste Permitting & Monitoring Section has completed its review of the permit application and found that the application meets all technical requirements. Solid Waste Permitting & Monitoring has completed a draft permit and hereby give notice to the public. During the public comment period the Department will be taking comments concerning the draft permit and/or the permit application. The comment period will remain open until September 30, 2016.

The regulations and other information on solid waste processing requirements can be viewed on DHEC's Website at:
